Dear Mrs Abram

Are you up to date with your pension plan?

It's always a good idea to keep an eye on your pension plan and be thinking about what you might do with the money you've got in it.

Don't forget to shop around...

You should always consider shopping around when you're looking at your retirement choices. Especially if you are thinking that you might want a retirement income from an annuity or starting income drawdown - you can find out more in the brochure we've enclosed.

Planholder	Mrs Deirdre Abram
Plan number	F46010/12597
Transfer value on 14 February 2023	£13,586.93

A transfer value is what we'd have paid if you had decided to transfer all the money from your plan on the date shown.

Remember – These figures are not guaranteed and will change.

To keep you up to date...

We've enclosed a summary of where things stand with your pension now and some things you'll need to think about in the future. The things you need to think about are based on the features of your plan and your age.

Our plans end at age 75 and important benefit options could be lost at this age. If you want to take advantage of other options available to you in the marketplace (and not lose them) then you will have to transfer your plan to a new provider. Any transfer will need to be completed before your 75th birthday.

Aviva Life & Pensions UK Limited.
