Dear Sir/Madam

21/03/2023

## Your Aegon statement

Thank you for investing through Aegon Retirement Choices (ARC). Your statement for the period 03 December 2022 to 02 March 2023 is enclosed. If you have both a joint Aegon account and an individual Aegon account, a separate statement pack will be sent for each.

### Your statement

Your statement provides a concise view of your investments and features:

- a **Summary** showing a single view of all the product wrappers held within your Aegon account;
- a **Transaction summary** for each product wrapper showing any money into and money out of your account as well as any Aegon charges and charges paid to your adviser, and
- a **Valuation** for each product wrapper

This statement provides a view and value of your investments under the above investor number at the statement date. To reduce the size of your statement and help reduce the amount of paper we use, you'll find your full transaction history online. You can visit your online account at any time, if you already have access, using your username and password. Please call us if you need help with access to the website. If you have questions relating to your investments please call your adviser.

We've also included a 'Costs and charges information' section showing the charges you've paid over the period shown in that section. It compares with the information in any illustration you received. Where your illustration estimated the charges you might pay, the 'costs and charges information' gives you the actual charges you paid and how they affected the growth of your investments. Please note that it doesn't follow the same time period as this statement.

### Protect yourself from scams

Your pension and investment savings are likely to be some of your most valuable assets. Like anything valuable, they can become the target for illegal activities, scams or offers of inappropriate and high-risk investments.

Find out more about the steps you can take to protect yourself from pension and investment scams and how to avoid them – visit our 'keeping you safe' page at [aegon.co.uk/support/faq/Keeping-you-safe.html](https://aegon.co.uk/support/faq/Keeping-you-safe.html). You can also find information at [fca.org.uk/scamsmart](https://fca.org.uk/scamsmart) and [pension-scams.com](https://pension-scams.com)

### Large cash balances

Any cash balance in your cash facility within a product allows you to promptly invest when you want to and pay fees as they become due without selling invested assets.

If you have a substantial cash balance that you are not planning to invest soon, please consider if it's in your better interests to hold that balance with your own current or savings account provider.

If your personal circumstances mean you need any additional support, or if you'd like a large print, braille or audio CD version of this document, please call 0345 680 1234 (call charges will vary) or visit [aegon.co.uk/support](https://aegon.co.uk/support)

Yours sincerely

### Notes

1. You may find the charge percentages are different to charges shown in any illustration you received. This is because an illustration uses potential charge figures while this document uses data we receive from the fund managers showing the actual charges applied.
2. Please remember that past performance isn't a guide to future performance. The value of an investment can fall as well as rise and isn't guaranteed. You could get back less than you originally invested. While we use the most accurate information available to us, as some of the information is provided by a 3rd party we can't guarantee the accuracy of their information. We are not responsible or liable for any loss caused by any reliance on the information contained within this document.
3. Where we don't have the specific information on charges for your investments, we've made an estimate.
4. A further fund level breakdown is available on request.
