**Ballpark-Eng Pension Scheme Application for Share Trading Platform**

Gavin,

Following our discussions last week, I'm enclosing a completed application for a share and fund trading platform account with TD Direct (the new name for TD Waterhouse) for the Company pension scheme which I would ask you to endorse and forward to TD Direct on my behalf.

The application requires submission of the original pension trust deed which I understand you will provide to TD Direct.

I need to link the pension scheme's Bank of Scotland account to the trading account so that funds can be transferred to and from accordingly, please advise how this can be done.

Yours faithfully

Andrew Emanuel
