Transfer enquiry for Cannes 2003 ORBS

We've received a request to confirm the registration status of your scheme to help a transferor scheme decide whether to make a transfer.

Before HM Revenue and Customs (HMRC) can respond to the request, we need to be sure there is not a significant risk of your scheme being set up or used to facilitate pension liberation. We've identified potential liberation indicators that we believe are displayed by your scheme and we've listed them below.

To help us with our additional checks into your scheme's registration status, send us the information on the attached schedule. We'll need to keep the documents you send us so please make sure you keep copies for your own records.

If you do not send us this information by 11 March 2022, we cannot confirm your scheme's registration status when responding to any registration status requests.

When we've completed our review we'll write to the transferring scheme but not to you. Please note that we cannot discuss with you which transferring schemes have asked for confirmation of your scheme's status, nor can we confirm details of the progress of the review.

Pension liberation indicators

We've identified the following potential pension liberation indicators:

- we have concerns about one or more of the following
 - the name of the scheme
 - the administrator
 - the establisher
 - the practitioner
