Capped Drawdown

No new members can enter capped drawdown from 6th April 2015. This option is only open to those who are already in capped drawdown within the scheme. A maximum of 25% PCLS can be taken and the maximum income will be calculated using relevant GAD limits. Income is taxed at your marginal rate through PAYE. If you would like to convert your Capped Drawdown fund to Flexi-Access then please indicate this above.

Flexi-access

There is no upper income limit under Flexi-access. A maximum of 25% PCLS can be taken (unless there is protection in place) and the remainder is taxed at your marginal rate through PAYE.

Uncrystallised Funds Pension Lump Sum (UFPLS)

25% of the payment will be made tax free with the remainder being taxed at your marginal rate through PAYE. This is not a PCLS payment. An UFPLS cannot be taken if you have; Enhanced or Primary Protection and Lump Sum Protection, a Lifetime Allowance Enhancement Factor and the 'available portion' of the Lump Sum allowance is less than 25% of the proposed lump sum, or if you have a disqualifying pension credit.

Annuity (Open Market Option)

A 25% lump sum is payable with the residual funds to be transferred out to the annuity provider of your choice.

Money Purchase Annual Allowance (MPAA)

The Money Purchase Annual Allowance is £10,000 per annum from 2015/16. This only applies in certain circumstances (i.e. when a 'Qualifying Payment' has been made) and only relates to Money Purchase Schemes (such as this one). Those affected by the new MPAA can still use a further £30,000.00 maximum of the remainder of the standard Annual Allowance (£40,000.00) within a Defined Benefits scheme where applicable.

Please note that there is no Carry Forward with the MPAA. If the MPAA is not used in the current tax year then any unused allowance cannot be used in a later tax year, unlike with the standard Annual Allowance.

We will inform you if this applies within 31 days. You must then inform all of your other pension providers within 31 days.

Qualifying Payments

A Qualifying Payment would be any of the following:

- A payment in excess of the relevant GAD limits under Capped Drawdown.
- Any income paid under Flexi-access.
- Any Uncrystallised Funds Pension Lump Sum.

The Risks

As the scheme provides retirement benefits to its Members on a Money Purchase (Defined Contribution) basis, the level of pension income achievable at the point you wish to retire will depend on a number of factors.

The size of the fund attributable to you at the point you wish to retire: this will be dependent on the amount you invest into the scheme through Transfers and Contributions, plus the performance of the underlying investments held by the scheme, minus any fees and charges incurred along the way.

The timing of your retirement: the values of the underlying investments within the scheme are likely to fluctuate with Market conditions. The value of an investment can go down as well as up and there is always the risk that you may not get back what you originally put in. If you decide to purchase an Annuity with your retirement funds, then it's important to remember that Annuity Rates also fluctuate with Market conditions.

Pension Tax Legislation: This is subject to change which could be more or less favourable to the growth of your funds within the scheme and the options available to you at the point you wish to retire.

Tax Rates: Tax Rates are also subject to change and may affect the Net Retirement Income that you receive.

Some investments are a higher risk than others and you should understand the risk profile of the underlying investments

We offer an execution-only service, and as such we do not provide any form of regulated advice.

We would recommend that anyone considering transferring existing pension benefits into the scheme seek advice from a suitably Authorised and Regulated Advisor.

Member Declaration

To: the trustees and scheme administrator of the Scheme named.

I hereby request and consent to the payment of benefits as set out in this form and agree that:

- a) The trustees, in conjunction with my advisor (if applicable) will take all necessary steps to ensure that there is sufficient liquidity within the scheme to pay benefits as they fall due;
- b) The basis used for valuing investments held under my scheme for benefit crystallisation purposes will be determined by the scheme administrator, taking into account HMRC requirements. In particular, I understand that the value used for some types of investment for this purpose may be different to that shown on my valuation statements.

I declare that:

- i) The information contained in this form and in particular Protection and Lifetime Allowance is, to the best of my knowledge and belief, true, complete and not misleading;
- ii) I am making this declaration in respect of all of my arrangements within this scheme administered by Cranfords.
- iii) As a consequence of payment of the pension commencement lump sum requested by this form (if any), the amount of contributions paid by me, or on my behalf, to any registered pension scheme is not, and will not be, significantly greater than it would otherwise have been; and
- iv) I agree that I will indemnify the scheme administrator against any liability to pay any tax or other charges which arise out of the provision of false or misleading information.
- v) I understand that any payment I receive (where applicable) will be subject to UK income tax (or, if I am resident overseas, may be in a future tax year, if I return to the UK).
- vi) I am aware that if I take a 'qualifying payment' or access funds via UFPLS that I am required to notify all my other pension providers that I am subject to the Money Purchase Annual Allowance within 31 days.
- vii) I understand and accept that my pension is not guaranteed and that there are risks involved which mean my pension may reduce over time.
- viii) I agree to the payment of fees to Cranfords in relation to these retirement benefits at the rate in the published fee schedule.
- ix) I agree that I have not had financial advice from Cranfords.
- x) I have read and understood the risk warnings.

If you have any doubts whatsoever which option is most suitable for you then you should seek advice from a suitably qualified Advisor. Cranfords cannot provide you with any advice.
