1 > Could you pay less?

See our table opposite for our cheapest tariff options.

Remember - it might be worth thinking about switching your tariff or supplier.

Switching tariffs could mean a significant change to your terms and conditions and some tariffs have eligibility criteria. For example, you may need to change your payment method or manage your account online.

Some tariffs are available for a limited time only, therefore subject to change.

For more information on your current tariff see overleaf.

To find out more about your options visit npower.com/cheapesttariff or call us on the number above and have your meter readings available.
