Dear Mr Frisby

**DEFERRED ANNUITY POLICY PURCHASED BY THE MORRIS PENSION PLAN  
TRANSFER VALUE QUOTATION**

Thank you for returning the transfer authority forms. Since it was returned outside guarantee please find enclosed your revised transfer quotation paperwork. If you wish to accept this quotation, please ensure you complete the enclosed transfer value paperwork which is guaranteed until 27 January 2017.

The transfer value was calculated on 27 October 2016 and is guaranteed until **27 January 2017**.  
**If you wish to accept the quotation, all relevant pages of the transfer value paperwork must be completed and returned by the guarantee date.**

If you have changed your name we will require evidence to support every name change. This may be in the form of marriage, decree of divorce or deed poll certificates.

Please note that we will only issue a maximum of two transfer quotations in a twelve-month period. As this quotation is the second that we have issued within the past twelve months, we will not issue another quotation until June 2017.

Benefits under this policy arise from membership of a defined benefit occupational pension scheme. The scheme is now closed and has completed winding up. The scheme has secured benefits with Prudential as a deferred annuity. As the benefits originate from a defined benefit arrangement, the benefits are guaranteed. They provide a set level of income in retirement, which may be protected against inflation both before coming into payment and then once in payment (please refer to the enclosed transfer value quotation for further details).

You can elect to transfer your benefits to another registered pension scheme, or a qualifying recognised overseas pension scheme. Benefits can be transferred at any time up to your normal retirement date (as stated in the enclosed transfer value quotation). In accordance with your policy, it is not possible to transfer to another pension arrangement after this date.

Please note should you wish to transfer your benefits to a scheme that is not a defined benefit pension scheme (such as a personal pension scheme) and you are not transferring to an arrangement to immediately purchase an annuity, then legislation requires that you take financial advice from an adviser authorised by the Financial Conduct Authority (FCA) to advise on pension transfers.

**Calls may be monitored or recorded for quality and security purposes**

"Prudential" is a trading name of The Prudential Assurance Company Limited, which is registered in England and Wales. This name is also used by other companies within the Prudential Group, which between them provide a range of financial products including life assurance, pensions, savings and investment products. Registered Office at Laurence Pountney Hill, London EC4R 0HH. Registered number 15454. Authorised by the Prudential Regulation Authority and regulated by the Financial Conduct Authority and the Prudential Regulation Authority.

We will assume that you are transferring to an arrangement that is not a defined benefit scheme and that you are not purchasing an immediate annuity unless indicated otherwise on the enclosed Transfer Authority forms.

Any advice you obtain should take into account your personal circumstances, and should explain the benefits under your current arrangement compared to the options you would receive under the new arrangement. Prudential has a legal obligation to ensure that such advice has been received where you are not transferring to immediately purchase an annuity or transferring to a defined benefit pension scheme. Included in your transfer paperwork is a declaration for your financial adviser to complete where these conditions apply.

Should you need any assistance with the process of selecting a financial adviser then the website <https://www.unbiased.co.uk/find-an-adviser> <https://www.unbiased.co.uk/> may be of assistance to you.

For your information, the Pensions Regulator, the Pensions Advisory Service, and the Financial Conduct Authority (FCA), can all provide general information on transfers. In particular, the 'consumer' page of the FCA website details the firms to avoid when considering a transfer and can be found on the following web address:

[www.fca.org.uk/consumers](http://www.fca.org.uk/consumers)

As this is not a money purchase arrangement an Open Market Option (OMO) is not available and no fund values or investment options exist (other than in respect of any additional voluntary contributions you may have paid).

Please note that this quotation does not include any Additional Voluntary Contributions (AVCs) that may have been accrued while you were a member of the scheme. You must contact the AVC provider directly to obtain details of these benefits.

I enclose a leaflet produced by the Pensions Regulator containing information about pension scams. Additionally I attach a leaflet produced by the Financial Conduct Authority dealing with the risks associated with certain transfer activity.

Further details can be found on the following websites:

## TRANSFER VALUE QUOTATION

Member name	Mr B Frisby
Date of birth	23 November 1955
National Insurance number	YX474384A
Scheme name	Deferred Annuity Policy Purchased By The Morris Pension Plan
Normal retirement date	23 November 2020
Date of joining the scheme	1 November 1976
Date of leaving the scheme	30 April 1999

---

**The transfer value of the benefits is: £75,710.20**

**The transfer value was calculated on 27 October 2016**

**The transfer value is guaranteed until 27 January 2017**

The transfer value can be paid to a scheme of your current employer if the scheme is willing and able to accept the payment. It can also be paid into a Section 32 buy out, a personal pension or stakeholder plan provided through an insurance company.

Please note this is not an Open Market Option (OMO). The transfer value is required to be paid into a registered pension scheme; the value cannot be used to immediately purchase an annuity without being paid into a registered pension scheme first.

These benefits are in respect of the individual's membership of a registered pension scheme under Chapter 2 of Part 4 of the Finance Act 2004.

The value in respect of the pre 06/04/1997 benefits in excess of Guaranteed Minimum Pension: £588.56

The value in respect of Guaranteed Minimum Pension\*: £75,121.64

\* From 6th April 2012 contracting out on a defined contribution basis was abolished. Consequently there is no longer a requirement for the transfer value of any guaranteed minimum pension benefits (Section 9(2B) rights) to provide protected rights benefits under the receiving arrangement.

Please note that the Scheme was contracted out after 06/04/1997 on a Reference Scheme Test basis.

## PENSION BENEFITS

The total deferred pension is **£961.12** a year. This amount is at the date of leaving the scheme.

Deferred Pension Components Amount (£ a year)	Increases before Retirement	Increases from Retirement
Guaranteed Minimum Pension in respect of service before 6 April 1988 £597.66	6.25% per year	None
Guaranteed Minimum Pension in respect of service on or after 6 April 1988 and before 6 April 1997 £350.69	6.25% per year	RPI to a maximum of 3% per year
Additional pension secured by the scheme £12.77	RPI to a maximum of 5% per year	RPI with a minimum of 0% per year and a maximum of 5% per year

### Notes

RPI means Retail Prices Index. If a pension component is due to be increased by RPI and the yearly change in RPI is negative, then that pension component will not decrease.

Guaranteed Minimum Pension is the amount of pension that replaces entitlement under the State Earnings Related Pension Scheme for the period of scheme membership.

Benefits on death before retirement:

An increasing dependant's pension of £474.18 per year increasing by 6.25% per year along with an increasing dependant's pension of £6.38 per year increasing in line with the Retail Prices Index (RPI) to a maximum of 5% per year from date of leaving to date of death.

A lump sum death benefit of £6,020.41 with no interest will be paid if there is no dependant's or child's pensions payable

Benefits on death after retirement:

A dependant's pension of 50% of the member's pension prior to commutation increased from date of retirement to date of death.

A lump sum death benefit will be payable if you die before you attain age 75 and within a period of 5 years from the date your pension commences. This lump sum will be calculated with reference to the pension instalments that would have been paid to you had you survived until the end of this period. Annual increases that would have been due to the pension instalments will be applied when calculating this lump sum.

Child's pension

On your death a child's pension will be paid to each of your children under the age of 18, or under the age of 23 if in full time education or vocational training, who at the date of your death is a natural, adopted, or unborn child of yours. Child's pensions will be paid to a maximum of 3 children.

Each child's pension will be an annual amount equal to one third of your dependant's pension due at your date of death.

Where you have no surviving dependant, or where the dependant's pension is in payment and your dependant dies, each child's pension will be doubled.

The protected pension commencement lump sum under the scheme at 5 April 2006 was:

£12,426.82

This will be subject to relevant increases to date of retirement.

You will lose the right to this cash protection if the benefit is transferred.

## NOTES TO MEMBER

Details of your deferred benefit entitlement are shown on the transfer value quotation. A transfer value is offered in place of your deferred benefits.

The transfer value can be paid to a scheme of your current employer if the scheme is willing and able to accept the payment. It can also be paid into a Section 32 buy out, a personal pension or stakeholder plan provided through an insurance company.

Please note this is not an Open Market Option (OMO). The transfer value is required to be paid into a registered pension scheme; the value cannot be used to immediately purchase an annuity without being paid into a registered pension scheme first.

Comparing what may be obtained in these types of arrangement against the benefits in the transfer value quotation is difficult, and there are many factors to take into account. We recommend that you obtain financial advice before proceeding with the transfer.

### **Cash Protection**

Where relevant, the right to any cash protection will be lost if benefits are transferred.

### **Protected Retirement Age**

Where relevant, the right to take benefits before Normal Minimum Pension Age will be lost if the benefits are transferred. Normal Minimum Pension Age is the earliest age at which benefits may normally be paid; this is currently set as age 55.
