<sup>1.</sup> This is an indicative valuation and has been prepared on the basis of mid-market prices from the appropriate Stock Exchange or from the relevant fund manager. Where fund managers publish a single price, i.e. for OEICS, the valuation has been prepared on the basis of the published price. The prices of financial instruments subject to low liquidity due to their special financial characteristics, i.e. Private Equities, are evaluated on a best endeavours basis. Please contact your account manager if you require further information.

2. Estimated income and yield quoted reflect dividend income and interest receivable as paid. This income may be subject to additional tax, depending on the tax status of the account. The income quoted is calculated partly on historic payments and partly on future expected payments and as such is only a guide.

<sup>3.</sup> The valuation of holdings shown on this statement which are not registered in one of our Nominees, or held by one of our custodians, is based on our record of the number of shares held.
