Dear Mr Miserotti

Loft Shop Limited Director's Pension Scheme – PSTR 00428451RM

Thank you for your letter received in this office on 02 April 2012 and I regret the long delay in replying.

I note that you suggest that I should contact the trustees to obtain the various loan security documents but unfortunately, I do not have **full and the most recent** details of the trustees and I would therefore ask you provide their names and addresses for me. I will attempt to contact those trustees for which I have details on my file.

I note that you say that the liquidator has not finalised matters in respect of the company's assets. Can you provide an update as to the present position and say what steps are being taken to protect the scheme's interests bearing in mind that the scheme has put a charge in place?

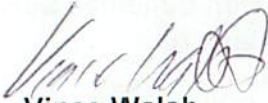

With regard to the instruction given to the valuer, I presume that this would have been given by the trustees and presumably it is to them that I should address my query in this regard. Can you confirm this for me?

Can you also confirm that I should address future queries to you as I see little point writing to you if you do not have full or any relevant pension scheme records in your possession?

Please quote the case reference CFS499615 and any other references shown above. If you write you need to use the address shown above and if you send documents you must tell us if you want them returned.

Information is available in large print, audio tape and Braille formats.
