Your accounts at a glance

> Here's your new account summary

Whether you just like to glance at your statements to see if everything's OK, or go through everything in detail, this quick snapshot of your balances should help you see how things stand.

We'll send an account summary with statements of the account we think you use the most from now on. At the moment, you'll be able to see most of your current and savings accounts and we're looking to add other kinds of accounts in the future.

You'll find more information about your account summary with this statement. And if you'd like to tell us what you think, or if you have any questions, get in touch.
