## Henry Lynch

We've designed this statement to help you to understand your retirement savings. Over the next few pages we'll summarise how your plan has performed over your statement period, the charges you've paid and how the future might look.

You can find out more about how a pension works and the options you have at [yourplan.royallondon.com](http://yourplan.royallondon.com). If you need help making decisions about your retirement savings, it's a good idea to speak to a financial adviser.

### YOUR ANNUAL RETIREMENT SAVINGS AT A GLANCE

Now let's take a look in a little more detail at how your retirement savings have changed over this period.

|                    |            |                        |             |
|--------------------|------------|------------------------|-------------|
|                    |            |                        |             |
| Your contributions | Tax relief | Employer contributions | Plan growth |
| £471.46            | £117.88    | £353.58                | -£39.35     |
| Extra money        |            |                        |             |

### SHARE IN OUR PROFITS

As a member of Royal London, we think you should share in our success. That's why, when we do well, we aim to add a share of our profits to your plan. We call it ProfitShare. Your ProfitShare award for this year is **£1.74**. The total value of your ProfitShare to date is **£1.90**.

### GOVERNMENT TOP UP

For every **80p** you contribute to your plan, the government adds an extra **20p**. No strings, just good old-fashioned tax relief. If you're paying more than **20%** tax, you could be entitled to claim more tax relief through a self-assessment form.

I understand that you have left the pension scheme and as a result your plan has been made Paid Up. This means we do not expect any further contributions but your existing pension pot will remain invested with us in your chosen funds until you take your retirement benefits or tell us what you want to do with it.

You now have a number of choices and we recommend you contact a financial adviser for advice before making any decisions. If you don't have an adviser, the IFA Promotions Website will be able to put you in touch with someone in your area. You can visit the website via [www.unbiased.co.uk](http://www.unbiased.co.uk). Financial advisers may charge for providing advice and should confirm any costs beforehand.

I enclose a Withdrawal Option Form which provides further options in addition to leaving your plan Paid Up with us. You may decide to:

- Carry on making contributions to your plan
- Transfer the value of your plan to another registered pension scheme
