Call 0800 111 999

If you smell gas or suspect a gas leak, please call the National Gas Emergency Service immediately. This line is available 24/7.

Your gas usage explained

Your bill is based on your energy consumption and is calculated using the below formula, which converts gas units to kWh.

Imperial meters (cubic feet or ft³) start at step 1.

Metric meters (cubic meter or m³) start at step 2.

- Convert the units into cubic meters - multiplying by 2.83
- Multiply the cubic meters by the Correction Factor 1.022640 (may vary per meter point)
- Multiply this by the Calorific Value
- Divide this by 3.6 to convert to kWh

Next steps

Please get in touch with us on webchat at www.britishgaslite.co.uk/contact-us so that we can make sure you only get billed for the energy you use. Our UK based webchat team can also advise you how to sign up your business for our competitive fixed price plans. You will remain on deemed prices until you move to a fixed price plan with us or move to another supplier.

Alternatively, you can get in touch with another supplier and arrange to move your supply to them. Please contact us on webchat to arrange to pay for the energy you use up to your transfer date.

We look forward to hearing from you.
