Yours sincerely,

Aisling Kane
Customer Services Director

Our fees refers to the Metro Bank service fee to process this payment - depending on your request, this would have either been taken from your account separately, or deducted from the net amount transferred to the payee.

Value date refers to the date we estimate CHAPS will credit the payment to the recipients account (usually the same day). We process CHAPS payments on the same day if received before 2:30pm on a banking weekday; otherwise it will be the next banking weekday.
