Authorised for and on behalf of

4. Member's confirmation and signature

I wish to transfer my pension benefits under the scheme to the above receiving scheme.

I understand that when the transfer has been made I, my family and dependents will no longer have any entitlement to those benefits transferred from the Scheme and I acknowledge and accept that payment of the Cash Equivalent Transfer Value to the receiving scheme will fully and finally discharge the Trustee of their liability to provide those benefits which have been transferred, to or in respect of me.

Where the receiving scheme is a money purchase arrangement, I confirm that I have received a statement from the Receiving Scheme showing the benefits I will receive from the transfer and I accept that:

- (i) the benefits to be provided by the Receiving Scheme may be in a different form and of a different amount to those which would have been payable by the transferring scheme; and
- (ii) there is no statutory requirement on the Receiving Scheme to provide for survivor's benefits out of the transfer payment.
