Hello Mr Dolan,

We're writing to let you know you need to upgrade your electricity meter – otherwise you may lose your hot water and heating.

The radio network your meter uses will be phased out right across the UK. Everyone in the country with this type of meter (not just our customers) will need a replacement before March 2023. To learn more, you'll find customers' most frequently asked questions over the page.

We're here to help and want to upgrade you as soon as possible. So book an appointment now, while we're in your area, and avoid any future interruptions to your supply.

### Upgrading is easy

We'll replace your old meter with a new smart one and you'll be able to pay in the same way as before.

### Book now

Call **0345 072 9533** and speak to a member of our team.

Thanks,  
The SSE Team
