2.1. Explanations

Important information about how we hold your money and assets

Where this Report contains information on money held by Credit Suisse (UK) Limited, the money is held by Credit Suisse (UK) Limited (which is a bank) in an account with itself. Credit Suisse (UK) Limited holds such money as banker and not as trustee and as a result the money is not protected as "client money" under the Financial Conduct Authority's ("FCA's") client money rules. In the event of Credit Suisse (UK) Limited's insolvency, the FCA's rules relating to the distribution of client money will not apply.

Unless marked as "NM", assets contained in this Report are held by Credit Suisse (UK) Limited as safe custody assets and are protected under the FCA's custody rules. Items marked NH are not held in custody by Credit Suisse (UK) Limited and may not be protected by the FCA's custody rules. The protection afforded to non-custody assets will depend on the location of the custodian and the type of assets held. Any questions about how non-custody assets are held should be directed to the relevant custodian.

Unless marked as "NM", all assets contained in this Report are subject to The Markets in Financial Instruments Directive and Regulation (MiFID II) regime. Please note that Credit Suisse (UK) Limited does not conclude title transfer financial collateral arrangements (TTCA) with its clients.

Asset Classification

If an instrument is classified as 'not classifiable', the instrument is pending its proper classification. As soon this is available in the system, the instrument will reflect the correct classification.

Cash Account Transactions

This statement is issued on a trade date basis. Therefore, the closing balance may include transactions executed and not settled. The available balance may be different and will be adjusted by transactions after the Reporting Date. The total costs associated with execution for the period may not include spreads and mark-ups on certain products. A detailed breakdown will be provided on request. Interest is payable on any unauthorised debit balance at the Default Debit Rate, which is currently a fixed rate of 15 per cent per annum. For further information please refer to our Terms and Conditions or speak with your Relationship Manager.

Consolidation

Where the Report contains consolidated information across multiple accounts, it may not have been reconciled with the records held by your custodian(s) and therefore should not be relied on as a definitive record of your holdings or their value.

Depositor Protection - Financial Services Compensation Scheme

Your deposits with Credit Suisse (UK) Limited are eligible deposits for the purposes of the Financial Services Compensation Scheme (FSCS), the UK's deposit protection scheme. At least annually we will include in your account statement an information sheet setting out basic information on FSCS protection and a list setting out the exclusions from protection. If you would like additional copies at any time, please contact your relationship manager.

For further information about the compensation provided by the FSCS, refer to the FSCS website at www.fscs.org.uk.

Performance calculation

The performance figures are calculated based on all positions using the TWR Daily method (Time Weighted Rates of Return), which is based on geometrically linking daily rates of return.

Client initiated payments and security deliveries into and out of the portfolio are treated as capital injections and withdrawals for the purpose of performance reporting. Performances are calculated net of portfolio management and advisory fees and net of transaction costs and taxes withheld at source.

Profit/ Loss calculation

Unrealised profit/ loss is calculated by comparing the current market value (not including accrued interest) with the average book cost. Any transaction costs are included in the profit/ loss calculation. The cost basis for individual lots of securities is maintained according to average cost methodology. This report should not be relied upon for tax purposes.

Rounding logic

Values in this investment report are calculated with exact numbers, however when presenting the data, values are rounded and therefore minor rounding differences might occur.

Valuation

This Report has been compiled on a trade date basis. Any entries made after the reporting date will not be reflected in this Report irrespective of the transaction date.

The total Asset Value reflects capital and accrued income. Cash shown is not necessarily available for investment due to unsettled transactions. FX positions are revalued based on the forward revaluation rate. Interest is accrued on fixed interest, cash and deposits. Securities are ordinarily valued at bid prices as at close of business on the valuation day or most recently available price. Where prices for the same security vary at different price sources, Credit Suisse (UK) Limited maintains the right to choose which pricing source to rely on. Where, in the opinion of Credit Suisse (UK) Limited, an investment is not readily realisable then it shall be valued at such fair valuation as may be determined on each occasion by Credit Suisse (UK) Limited. It may be difficult to deal in any such investment or to obtain reliable information about its value from an independent source and therefore the valuation determined by Credit Suisse (UK) Limited may not be the precise value at which the investment may be sold.

Security pricing may vary from actual liquidation value, and custodial statements. Prices shown should only be used as a general guide to portfolio value.

Where no market price is provided for a particular asset, this may be indicative of a lack of liquidity. For further information, please contact your Relationship Manager.

¹Scheme responsible for the protection of your eligible deposit

Your eligible deposit is covered by a statutory Deposit Guarantee Scheme. If insolvency of your bank, building society or credit union should occur, your eligible deposits would be repaid up to £85,000 by the Deposit Guarantee Scheme.

²General limit of protection

- a death, or the depositor's marriage or civil partnership, divorce, retirement, dismissal, redundancy or invalidity;

³Limit of protection for joint accounts

In case of joint accounts, the limit of £85,000 applies to each depositor.

However, eligible deposits in an account to which two or more persons are entitled as members of a business partnership, association or grouping of a similar nature, without legal personality, are aggregated and treated as if made by a single depositor for the purpose of calculating the limit of £85,000.

⁴Reimbursement

The responsible Deposit Guarantee Scheme is the Financial Services Compensation Scheme, 10th Floor Beaufort House, 15 St Botolph Street, London, EC3A 7QU, Tel: 0800 678 1100 or 020 7741 4100, Email: ICT@fscs.org.uk. It will repay your eligible deposits (up to £85,000) within 20 working days until 31 December 2018; within 15 working days from 1 January 2019 until 31 December 2020; within 10 working days from 1 January 2021 to 31 December 2023; and within 7 working days from 1 January 2024 onwards, save where specific exceptions apply.

Where the FSCS cannot make the repayable amount available within 7 working days, it will, from 1 June 2016 until 31 December 2023, ensure that you have access to an appropriate amount of your covered deposits to cover the cost of living (in the case of a depositor which is an individual) or to cover necessary business expenses or operating costs (in the case of a depositor which is not an individual or a large company) within 5 working days of a request. Again, there are specific exceptions to this obligation.

In the case of a depositor which is a large company, where the FSCS cannot make the repayable amount available within 7 working days, it will, from 3 July 2015 until 1 December 2016, ensure that you have access to your covered deposits within fifteen working days of a request containing sufficient information to enable it to make a payment, save where specific exceptions apply.

In the case of a depositor which is a small local authority, where the FSCS cannot make the repayable amount available within 7 working days, it will, from 3 July 2015 until 1 June 2016, ensure that you have access to your covered deposits within fifteen working days of a request containing sufficient information to enable it to make a payment, save where specific exceptions apply.

If you have not been repaid within these deadlines, you should contact the Deposit Guarantee Scheme since the time to claim reimbursement may be barred after a certain time limit. Further information can be obtained under www.fscs.org.uk.
