Appendix 2

Rights attaching to Preferred Shares

1. The price per Preferred Share will be £1.00.
2. The Preferred Shares will carry no voting rights whatsoever.
3. The Preferred Shares will have a preferential cumulative coupon of 7% per annum from 31/08/2016 (the "Preference Dividend") to be paid in two equal instalments on the 28/02 and the 31/08 in each year and every year, until such time as the Preferred Shares are redeemed. Any other dividends or distributions will be payable to all shareholders on a pro rata basis.
4. The Preferred Shares, at the discretion of the Company, may be redeemed at any point, the intention being to redeem the Preferred Shares at a time no later than the fifth anniversary of the Completion date.
5. Upon liquidation of the Company, the Preferred Shareholders will receive in preference to all other shareholders an amount in respect of each Preferred Share equal to 2 times the Original Issue Price (the "**Liquidation Preference**"), plus all accrued but unpaid dividends. The holders of Ordinary Shares will also be entitled to recover an amount per Ordinary Share equal to the amount paid up on those Ordinary Shares. To the extent that the Company has assets remaining after the distribution of that amount, the Preferred Shareholders will participate with the holders of Ordinary Shares pro rata to the number of shares held on an as converted basis.
6. Sale of all or substantially all of the assets of the Company or a sale of shares involving a change in control (each, a "**Corporate Transaction**") will be treated in the same way as a liquidation.
7. An IPO that is not a Qualified IPO will be treated in the same way as a liquidation. The Company will issue to each holder of Preferred Shares that number (if any) of Ordinary Shares so that the proportion which the Ordinary Shares held by that shareholder bears to the fully diluted share capital following completion of all such issues and the conversion of the Preferred Shares will be equal to the proportion which the proceeds that that shareholder would have been entitled to receive on a sale on that date would bear to the valuation of the Company at that date.
8. The Preferred Shares may be converted into an equivalent number of Ordinary Shares by their holders at any time.
9. The Preferred Shares will be converted automatically into an equivalent number of Ordinary Shares upon the completion of a firmly underwritten initial public offering ("**IPO**") of Ordinary Shares.
10. On conversion of the Preferred Shares on an IPO all accrued but unpaid dividends on the Preferred Shares must be paid save to the extent that the Company does not have sufficient profits available for distribution to pay the Preference Dividend, in which case the Company will allot to each holder of Preferred Shares by way of capitalisation of reserves such number of Ordinary Shares as shall have an aggregate value equal to the unpaid dividend. Any capitalisation will be at the price of the Ordinary Shares at IPO.

11. The Preferred Shares will have a broad-based weighted-average anti-dilution protection in the case of any new issue of shares at a price below the Original Issue Price (after adjusting for any recapitalisation events) other than share issues which are not subject to pre-emption rights. This anti-dilution protection will operate by the issue of Ordinary Shares at par through a capitalisation of share premium account.
12. If the Company makes a subsequent issue of shares in which the Investors are entitled to participate and an Investor elects not to do so (i.e. does not wish to pay to play) for at least 6% of its allocation that Investor will lose its anti-dilution right in respect of any Preferred Shares it holds.
13. If no Qualified IPO or Corporate Transaction has occurred within 5 years from completion, each of the Preferred Shares will be redeemable at the option of the Company for an amount in cash equal to the Original Issue Price plus all accrued but unpaid dividends.
14. An Investor Majority will have the right exercisable at any time to require the Company to redeem all or some only of the Preferred Shares in issue if a resolution to wind the Company up, to reduce the Company's share capital or to vary the rights of the Preferred Shares is proposed.

Conditions of issue and transfer of shares

1. Investors will have a right of first refusal on any new issue of shares of any class. Investors will have the right to participate with the holders of Ordinary Shares in any new issue of shares of any class pro rata to their holding of shares (determined on an as converted basis).
2. Investors will have a right of first refusal to acquire any Preferred Shares which are proposed to be transferred or sold with any Preferred Shares not taken up in such offer being offered to the holders of Ordinary Shares. Holders of Ordinary Shares will have a right of first refusal to acquire any Ordinary Shares which are proposed to be transferred or sold with any Ordinary Shares not taken up in such offer being offered to the holders of Preferred Shares.
3. All Shareholders will have co-sale rights such that if any Founder or employee has an opportunity to sell any of his shares, the other shareholders must be given the opportunity to sell a pro rata proportion of the number of shares being sold by the Founder or employee on the same terms and at the same price.
4. All Shareholders will have rights such that if any shareholder has an opportunity to sell any or all of its shares, the effect of which would result in a change of control of the Company, the other shareholders must be given the opportunity to sell all of their shares on the same terms and at the same price.
5. If holders of at least 51% of the Preferred Shares and Ordinary Shares agree to sell their shares, there will be drag along rights so that all remaining shareholders and option holders will be required to sell on the same terms, provided that the dragged shareholders will not be required to provide to the purchaser any representations or warranties except as to title or to agree to any other terms.
