

PREMIER WASTE (UK) PLC  
RETIREMENT BENEFITS SCHEME

Benefit Statement for Nuala Reeve

Estimated Retirement Fund at Scheme Retirement of 65: £678,200

Estimated Tax Free Cash Sum: £169,550.00

Estimated Annual Pension after payment of tax free lump sum: £40,400.00 per annum

We have made the following assumptions:

1. Investment growth of 5% (pa)
2. An annual management charge of 1%
3. Inflation rate of 2.5% p.a.
4. The pension will not increase in retirement
5. In the event of your death whilst the benefits are in payment, the residual fund will be paid to your nominated beneficiaries.
6. Your current share of this fund as at 5 April 2022 is £547,336

The figures are a guide and not guaranteed. Your final pension fund and the income available will depend on factors including the growth your fund achieves, contributions you make in future, charges, inflation, your retirement age, annuity rates at the time and the annuity options you choose.

Please contact us on 0330 311 0088 if you have any questions regarding this statement.
