Paying your PAYE electronically

Please follow this guidance to make sure your electronic payment reaches your account and for the correct tax year and tax month.

When to pay

Your cleared payment must reach our bank account no later than the 22nd of the month following the end of the tax month or quarter to which it relates. Make sure you arrange payment early enough for cleared funds to reach us in time. Your banking provider can tell you how long any particular payment will take.

You will need to give your bank or building society the following bank account details.

Amount: Make 1 payment for the combined total of tax and National Insurance contributions due.

Account name: HMRC Cumbernauld

Account number: 12001039

Sort code: 08 32 10

HMRC accounts office reference: 475PJ00198065

Please turn over for advice about your accounts office reference you need to use when making an electronic payment.

Interest and penalties for late payment

We may charge penalties if PAYE is not paid in full and on time. For more information, go to www.gov.uk/running-payroll/paying-hmrc

We will charge interest on amounts we do not receive by the due date.

Accounts office reference formatting and dates for electronic payment

When you pay your PAYE deductions electronically, it's important that you use your accounts office reference with no spaces between the characters. If you don't, there may be a delay in updating your record to show that we have received your payment. You can find your 13-character accounts office reference on the front of this letter.

The table below will help you to decide if you need to add numbers to your reference to make sure your payment is allocated correctly.

If you pay between the dates shown in column 4 for the period ended shown in column 1 then you don't need to add anything to the 13-character accounts office reference.

If you pay earlier or later than the dates shown, you need to add the relevant four numbers from column 5 to the end of your reference to tell us what tax year ending and tax month your payment is for. Your reference should then be 17 characters long with no spaces between.

Tell us if you have no payment to make for a month or quarter

Employers

If you have no payment to make for a single or multiple months, you should tell us by completing and submitting an Employer Payment Summary (EPS) for the period(s) concerned. Fill in the box for 'No payment due as no employees or subcontractors paid in this pay period' and enter the relevant dates at the 'No payment dates boxes and/or the Period of inactivity' dates boxes as appropriate. If you don't do this we may ask you to pay what we think is due based on your previous history.

Non-RTI employers and contractors

You should still tell us on or before the payment date if you have no PAYE or National Insurance contributions payment to make for any tax month or quarter. If you don't do this, we may ask you to pay what we think is due based on your previous history.

Due dates

There are revised due dates for certain schemes and if these apply to you, you should pay by the due date that applies to your particular circumstances. For example, electronic payment of Class 1A contributions and amounts due for Taxed Award Schemes are payable by 22 July each year for the previous tax year.
