Fund Information

Please refer to A guide to understanding the balance between risk and reward including the St. James's Place Portfolios and funds for information about the specific risks of individual funds.

If you are invested in a fund that holds property (for example land or buildings) or other assets that can be difficult to sell (for example private equity or private credit), we may delay certain transactions for up to six months. These transactions include requests to transfer, cash in, make a withdrawal from or switch funds in your plan. If we delay a transaction, the prices used when the transaction takes place will be those effective at the time that we allow the transaction. By investing in such a fund, you accept this amendment to your Terms and Conditions.

Please complete in block capitals and black ink and tick or complete answers as appropriate.
