RECEIVED
JAN 10 1968
U.S. DEPARTMENT OF AGRICULTURE
WASHINGTON, D.C.
OFFICE OF THE SECRETARY
ATTENTION: ASST. SEC. FOR AFFAIRS

TO: DIRECTOR, ARMY AND AIR FORCE ENGINEERING CENTER
ATTN: CHIEF, RESEARCH DIVISION
FORT MONROE, VIRGINIA 22034

FROM: DIRECTOR, ARMY AND AIR FORCE ENGINEERING CENTER
ATTN: CHIEF, RESEARCH DIVISION
FORT MONROE, VIRGINIA 22034

SUBJECT: REQUEST FOR INFORMATION ON THE
USE OF THE ARMY AND AIR FORCE ENGINEERING CENTER
FOR THE DEVELOPMENT OF A NEW TYPE OF
ENGINEERED MATERIAL.

REFERENCE: ARMY AND AIR FORCE ENGINEERING CENTER
REPORT NO. 1-67-100, dated 1-6-67, entitled
"REQUEST FOR INFORMATION ON THE USE OF THE
ARMY AND AIR FORCE ENGINEERING CENTER
FOR THE DEVELOPMENT OF A NEW TYPE OF
ENGINEERED MATERIAL."

1. The Army and Air Force Engineering Center
is interested in the development of a new type of
engineered material which would be suitable for
use in the construction of aircraft engines.
The material should have the following characteristics:

a. High strength-to-weight ratio.
b. High temperature resistance.
c. Good corrosion resistance.
d. Low cost of production.

2. The Army and Air Force Engineering Center
is seeking information from you regarding the
feasibility of developing such a material. We
would like to know if you are currently working
on such a project, or if you have any ideas
regarding its development. We would also like
to know if you have any references or contacts
that might be helpful in this regard.

3. If you are interested in providing information
regarding this project, please contact the
Director, Army and Air Force Engineering Center,
Fort Monroe, Virginia 22034, at (703) 261-
1000, extension 1000. Please refer to the
reference number mentioned above.

Very truly yours,

[Signature]
DIRECTOR, ARMY AND AIR FORCE ENGINEERING CENTER
FORT MONROE, VIRGINIA 22034
