What's MoneyHelper?

MoneyHelper is a government backed organisation that provides free and impartial guidance on your money and pensions. Our service is designed to support you in making your own informed decisions based on your circumstances. Further information can be found at <https://www.moneyhelper.org.uk/about-us>.

We don't give legal or regulated financial advice or recommend specific financial products because we aren't regulated or

authorised by the Financial Conduct Authority to do so. This means we can't tell you what the best option is for you, or what to do with your money or pension. If you're looking for personalised money or pensions advice or specific product recommendations, you'll need to see a regulated financial adviser or seek legal advice.
