

Transfer out discharge form

– *Collective Retirement Account (CRA)*

Using the editable fields?

To ensure your information is saved correctly, we recommend you save the form to your desktop before you start completing the required fields.

With this form you can:

- transfer your pension savings to an eligible Receiving Scheme.

This form cannot be used to:

- transfer to an eligible Receiving Scheme following a Pension Sharing Order - please use the 'Pension Credit Transfer' form.
- purchase an annuity - please use the 'Withdrawal to Buy an Annuity' form.

We regularly update our forms; your financial adviser can confirm that this February 2021 version is the latest by checking the literature library on our website platform.quilter.com

Note

- When completing this form you should check the current valuation of the CRA. The valuation will show any deductions we may need to make from the account before we complete the transfer.
- If the CRA is currently in 'capped' or 'flexi-access' drawdown, and you are receiving income, we may need to delay the transfer until we've completed the final income payment.
- If there is a regular investment in the process of being collected we will not be able to complete the transfer until the collection has been completed.
- If there is an active pension sharing order in place, we will not be able to complete the transfer until the pension share has been completed.
- **You can choose to transfer by cash or by re-registration:**
 - Cash transfer
 - This means that we will sell the assets and transfer the sale proceeds as cash to the Receiving Scheme.
 - If the assets to be sold include any Exchange Traded Instruments (ETIs), a dealing charge will be applied to each ETI sold.
 - Re-registration
 - This means that we will re-register the assets to the Receiving Scheme without selling them.
 - If any assets cannot be re-registered for any reason, we will sell them and transfer the sale proceeds as cash to the Receiving Scheme.

Completing this form

- **Part A** - must be completed by the account holder.
- **Part B** - must be completed by the Receiving Scheme.
- Complete this form, as applicable, using BLOCK CAPITALS and blue or black ink. For dates, please use the format day/month/year.
- Missing or unclear information may result in delays. We are unable to correct errors or omissions by you or your financial adviser retrospectively.

Additional documents we will need

- The Receiving Scheme will need to send us the Receiving Scheme's Pension Scheme Registration document.

Giving us your instruction

- Once Part A is complete, this form must be signed and sent to the Receiving Scheme.
- The Receiving Scheme must complete Part B and send the form and any additional documents to the following address:
Quilter, Quilter House, Portland Terrace, Southampton SO14 7AY.
- On receipt of the form, and all our requirements, we will make the transfer and provide full details direct to the Receiving Scheme.

Part A

To be completed by the account holder

Re-registration

A3. Partial transfer

Note

- Only available for uncrystallised sub accounts.
- **For cash transfers** - complete section A3.1.
- **For re-registration** - complete section A3.2.

A3.1 – Partial cash transfer

Please complete this section with details of the sub account numbers and amounts to be transferred as cash.

Note

- We will meet your request by selling proportionally from all assets held and transfer the sale proceeds as cash to the Receiving Scheme.
- If your assets include any Exchange Traded Instruments (ETI)
 - a dealing charge will apply to each ETI sold
 - ETI trading is restricted to whole numbers of shares
 - more information about ETI transactions is in the CRA Terms and Conditions.
- If you have more than five partial cash transfers, please provide the details by using a copy of this page and attach it to this form.

14833/221-0552/June 2021 Transfer out discharge form - CRA

Please complete this section with details of the sub account numbers and the assets to be re-registered.

- **If any assets to be re-registered are currently held as part of a model portfolio, your financial adviser will need to ‘deconstruct’ the model portfolio BEFORE we can carry out the re-registration.**
- If any assets listed below cannot be re-registered for any reason, they will be sold and the proceeds transferred as cash. If those assets include any Exchange Traded Instruments (ETIs), a dealing charge will apply to each ETI sold.
- We will re-register 100% of the units held in the assets listed below; we are unable to re-register partial asset holdings.
- If the receiving scheme holds a different share class for an asset being re-registered, we may convert the asset to a common share class to enable re-registration to proceed, if required by the receiving scheme
- If there is insufficient space to list all assets to be re-registered, please provide the additional details on a signed copy of this page.

A	C								
---	---	--	--	--	--	--	--	--	--

Figure 1 displays the distribution of the number of SNPs per gene across the genome, categorized by chromosome. The figure is divided into four main sections: (a) All genes, (b) Genes with at least one SNP, (c) Genes with at least two SNPs, and (d) Genes with at least three SNPs. Each section contains a histogram of the number of SNPs per gene (x-axis, 0 to 100) and a corresponding density plot (y-axis). The histograms are colored by chromosome: 1 (red), 2 (orange), 3 (yellow), 4 (light green), 5 (green), 6 (teal), 7 (blue), 8 (dark blue), 9 (purple), 10 (dark purple), 11 (black), 12 (grey), 13 (light grey), 14 (white), 15 (light blue), 16 (medium blue), 17 (dark blue), 18 (black), 19 (grey), 20 (light grey), 21 (white), 22 (light blue), 23 (medium blue), 24 (dark blue), 25 (black), 26 (grey), 27 (light grey), 28 (white), 29 (light blue), 30 (medium blue), 31 (dark blue), 32 (black), 33 (grey), 34 (light grey), 35 (white), 36 (light blue), 37 (medium blue), 38 (dark blue), 39 (black), 40 (grey), 41 (light grey), 42 (white), 43 (light blue), 44 (medium blue), 45 (dark blue), 46 (black), 47 (grey), 48 (light grey), 49 (white), 50 (light blue), 51 (medium blue), 52 (dark blue), 53 (black), 54 (grey), 55 (light grey), 56 (white), 57 (light blue), 58 (medium blue), 59 (dark blue), 60 (black), 61 (grey), 62 (light grey), 63 (white), 64 (light blue), 65 (medium blue), 66 (dark blue), 67 (black), 68 (grey), 69 (light grey), 70 (white), 71 (light blue), 72 (medium blue), 73 (dark blue), 74 (black), 75 (grey), 76 (light grey), 77 (white), 78 (light blue), 79 (medium blue), 80 (dark blue), 81 (black), 82 (grey), 83 (light grey), 84 (white), 85 (light blue), 86 (medium blue), 87 (dark blue), 88 (black), 89 (grey), 90 (light grey), 91 (white), 92 (light blue), 93 (medium blue), 94 (dark blue), 95 (black), 96 (grey), 97 (light grey), 98 (white), 99 (light blue), 100 (medium blue). The density plots show the distribution of the number of SNPs per gene for each chromosome. The x-axis for all plots is 'Number of SNPs per gene' and the y-axis is 'Density'. The plots show that the number of SNPs per gene is generally low, with a peak at 0 SNPs per gene. The density of SNPs per gene increases with the number of SNPs per gene, but the peak is at 0 SNPs per gene. The density of SNPs per gene is highest for chromosomes 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100.

[illegible]

Assets to be re-registered

[illegible]

Figure 1 is a schematic representation of the experimental design. It shows a sequence of events: A (start), C (choice), and a series of boxes representing different conditions. The conditions are labeled with numbers 1 through 6, and a final box labeled 'A'.

[illegible]

The figure displays a time-series plot with multiple data series. The x-axis represents time, ranging from 0 to 100,000. The y-axis represents a value, ranging from 0 to 100. The plot includes a legend in the top right corner and a title in the top left corner.

The legend identifies the following series:

- Blue line: A series that increases sharply around time 10,000 and then gradually declines.
- Red line: A series that increases sharply around time 20,000 and then gradually declines.
- Green line: A series that increases sharply around time 30,000 and then gradually declines.
- Black line: A series that increases sharply around time 40,000 and then gradually declines.

The plot shows that the data series exhibit a similar pattern of sharp increase followed by gradual decline, suggesting a common underlying process or mechanism.

A4. Discharge and declaration

- a) **If I have requested a cash transfer, or if any cash is transferred as part of a re-registration request**
- I hereby request Quilter Life & Pensions Limited to release the value of investments held under my CRA sub account(s) specified in section A2 and A3 and make payment of the value(s) as an authorised pension transfer to the scheme detailed in Part B.
 - If an asset included in my request is suspended, I authorise Quilter Life & Pensions Limited to re-register the asset in line with point b), where possible and acceptable to the receiving scheme.
- b) **If I have requested a transfer by re-registration**
- I hereby request Quilter Life & Pensions Limited to re-register the investments held under my CRA sub account(s) specified in section A2 and A3 as an authorised transfer to the scheme detailed in Part B.
 - If any cash is also transferred, I request it to be released to the scheme in line with a) above.
 - I understand that if the receiving scheme holds a different share class for an asset being re-registered, Quilter Life & Pensions Limited may convert the asset to a common share class to enable the re-registration to proceed, if requested by the receiving scheme.
- c) I confirm that I am the account holder of the CRA sub account(s) specified in section A2 and A3.
- d) I understand that the transfer can only be made where the receiving scheme is eligible to receive a pension transfer under HM Revenue & Customs rules.
- e) I understand that the transfer will not take place until Quilter Life & Pensions Limited receives satisfactory assurances from the Receiving Scheme that it is eligible to receive a pension transfer under HM Revenue & Customs rules.
- f) I declare that the transfer by Quilter Life & Pensions Limited shall constitute a full discharge of its obligation to make further payments in respect of the transferred pension assets.
- g) I understand that where the sub account holds crystallised assets, it is not possible to request a partial transfer of these assets.

Part B

To be completed by the receiving scheme

► **Part B must be completed by the Receiving Scheme's trustees or authorised signatories of the Receiving Scheme. The form must then be returned to Quilter together with the completed Part A.**

B1. Receiving scheme details

Receiving Scheme name

RC Administration Limited (Sixteen Retail SSAS)

Pension Scheme Tax Registration number (PSTR)

20008729RW

► Please enclose a copy of the Receiving Scheme's Pension Scheme Registration document.

Trustee/Scheme
Administrator's name

RC Administration Limited

Address

1A Park Lane, Poynton, Cheshire

Postcode SK12 1RD

Account reference number

N/A

Is the Receiving Scheme a Registered Pension Scheme under Section 2, Part IV, Finance Act 2004, or a Qualifying Recognised Overseas Pension Scheme, and willing and authorised to accept pension transfers?

☒ Yes

☐ No ► We will be unable to proceed with the transfer

B2. Transfer details

Note

- **Complete a) IN ALL CASES** (the bank details will be used for cash transfers, and for any cash relating to sales of assets which cannot be re-registered).
- **Complete b)** if the transfer request is for re-registration of assets.
- Please advise if you require any specific information, using section B4 overleaf.

a) Cash transfer

Payment of any cash proceeds will be made by electronic transfer; please supply your bank account details.

Branch sort code Bank account number

Bank name

Name of account holder

Reference (optional)

► Any reference here will appear on your bank statements.

b) Re-registration

Please supply details below for assets to be re-registered.

Re-register assets into the name of

Designation (if applicable)
