

Please find attached a simple income and expenditure statement for Springfield Pension Scheme for the period 2017-2018.

The only assets held are commercial property and the value of SPS's 35% ownership share was £490,000 as at valuation in January 2015.

No assets were purchased or disposed of during the above period.

I have no record of receiving from Pension Practitioners a Benefit Statement or Scheme Review document for previous period 2016-2017 although this was promised by Emma Dane in her email to trustees dated 10 October 2017.
