

Password for accounts: StoneworS1039!

Hi Emily,

Attached are the approved accounts for The Stoneworks Pension Scheme accounts for the year ended 5 April 2018. These are password protected and I will send the password in due course.

The client has requested that a covering letter is provided with the return to state that there is uncertainty regarding the property valuation in the accounts (see note on page 7).

How is best to go about this?

Kind Regards

Hayley
