You have been pre-selected for a Barclaycard Business credit card

Dear Mr B T Whelan,

The challenge of the current economic climate makes it more important than ever to maintain and manage a healthy cashflow.

As an existing Barclays customer, we are pleased to offer you a pre-selected Business credit card which will help you manage the ins and outs of your business.

Right now it offers 0% interest on all new purchases for the first 3 months.¹ It gives you a little breathing space between your spending and your incoming payments, and is ideal for those unexpected expenses you can't avoid.

With a host of other benefits, including no account fee for the first year, the flexibility to carry balances over from one month to the next and up to 56 days' interest-free credit, it can make a big difference to the cashflow of your business.

To take advantage of the benefits of a Business credit card, simply complete the application form attached.

Yours sincerely,

Barclays Business Manager
