1 February 2010

RECEIVED 05 FEB 2010

Dear Sir/Madam

Client reference: 12/612DN587/01

Please find enclosed your statement detailing the value of your investment(s) as at 31 December 2009, including details of transactions since we last reported to you.

The valuation provided is purely indicative and does not represent what you could receive when your investment matures.

Investment Categories

Plans that aim to repay your capital at maturity – if you have invested in this type of plan, your initial investment (plus any early interest, or minimum return, where applicable) will be repaid in full if the plan is held to maturity – even where the current value is below the amount you initially invested.

Snapshot Valuation Summary

To help you understand more about the progress of your investment, we have produced a document called 'Snapshot Valuation Summary'. This is issued for guidance purposes only and is designed to provide an indication what you might expect to receive on maturity. To demonstrate this, we have highlighted what the maturity value would have been had your investment matured at the current valuation date. Please refer to this summary (which can be viewed online at www.barclaysinvestments.net) for details of your particular investment. Product names will be per your valuation summary below.

Alternatively, if you would prefer to receive a paper version of the summary, please call us on the number below and we will arrange for a copy to be sent to you.

Should you have any questions relating to this statement please contact our Customer Services Team on 0800 234 6021*.

Yours sincerely

David Simpson
Managing Director
