Replacement Government Gateway Password

Dear The Wisdom Pension Fund

You recently asked us to send you a replacement Government Gateway Password. This is printed in the sealed area at the bottom of this letter. You should keep your Password and User ID safe and not share them with anyone.

You can use this new Password, together with your User ID, to log in to the Government Gateway at www.gateway.gov.uk or to the website where you enrolled for the online service you want to use. If you want to change your Password to something that is easier to remember, you can change it once you have logged in by selecting the 'Manage Logins' option on the menu and using the Change Password function.

If you have any problems logging in, please read the help pages on the site you are trying to use, or the Government Gateway help pages at www.gateway.gov.uk/help.

Thank you for using the Government Gateway.
