The non-statutory accounts are the responsibility of the trustees. The trust deed and rules of the scheme require the trustees to prepare audited accounts for each scheme year which:

- Show a true and fair view of the financial transactions of the scheme during the scheme year and of the amount and disposition at the end of that year of the assets and liabilities, other than liabilities to pay pensions and benefits after the end of the scheme year, and
- Contain the information specified in the Statement of Recommended Practice "Financial Reports of Pension Schemes" (Revised May 2007) and the Trust Deed.

The trustees have supervised the preparation of the accounts and have agreed suitable accounting policies, to be applied consistently, making any estimates and judgments on a prudent and reasonable basis.

## TRUSTEES' REPORT

YEAR ENDED 31 MARCH 2016

---

The trustees are responsible under pensions legislation for ensuring that there is prepared, maintained and from time to time revised a payment schedule showing the rates of contributions payable towards the scheme by or on behalf of the employer and the active members of the scheme and the dates on or before which such contributions are to be paid. The trustees are also responsible for keeping records in respect of contributions received in respect of any active member of the scheme and for monitoring whether contributions are made to the scheme by the employer in accordance with the payment schedule. Where breaches of the schedule occur, the trustees are required by the Pensions Act 1995 to consider making reports to the Pensions Regulator and the members.

The trustees also have a general responsibility for ensuring that adequate accounting records are kept and for taking such steps as are reasonably open to them to safeguard the assets of the scheme and to prevent and detect fraud and other irregularities, including the maintenance of an appropriate system of internal control.
