Dear Mr S Nasar & Mrs S Hameed

It's time to provide a meter reading

Please provide us with an up-to-date reading within the next 14 days of receiving this letter so that we can keep your bills as accurate as possible. If you've already sent us a reading in the last 2 weeks, thank you. There's no need to send us another one right now.

How to send us your meter reading

- The quickest way, is to register and submit your read online by using My Account at affinitywater.co.uk/myaccount or scan the QR code below if you have a smartphone
- Text the word MREAD 050, your customer number (found at the top of this letter) followed by your reading and the date taken to **0786 000 5157**
- Give us a call on 0345 357 2422 (Monday - Friday 8:30am - 5pm)

If you need help on how to read your meter – please visit our website affinitywater.co.uk/myread to watch our handy video guide.

If you can't take a reading, one of our meter readers will be able to do this on your behalf, when we're in your area between 26/04/2022 and 10/05/2022. When we do, we will make sure we will follow all Government guidelines to keep you and our employees safe. Getting an accurate meter read helps us identify if you have any leaks on your property and ensures you don't pay more than you need to, for the water you use.

Head to affinitywater.co.uk/metering to listen to our technician Kiani talk about how we're keeping you and our employees safe.

Manage everything easily with an online account

Manage your account the easiest way,
right from the start. If you haven't
already, sign up for an online account
