### Fund Manager Ongoing Charges

Fund managers take charges that depend on the investments chosen. These charges are expressed as the ongoing charge figure (OCF) or total expense ratio (TER). These cover the charge made by the fund manager for managing the investment as well as expenses incurred by the fund. Please note the OCF and TER are variable and may change over time.

### Weighted Average

This is the average charge once the percentages of the investment choices are taken into account.

### Stockbroker and Execution Venue

All equity trades are executed through Winterflood Business Services, our nominated stockbrokers. Our nominated stockbroker is the execution venue for equity trading. The execution venue in the trading of funds is represented by Aviva, the fund provider or their agent.

## Annual Costs and Charges Disclosure

Each year, we will provide you with details of the costs and charges that you have paid over the last 12 months. These charges will be broken down into specific categories to help you understand what charges have been applied to your account.

This document should be read alongside your Investment Portfolio statements to give you a full picture of how your account has performed over the previous period.

If you have any questions, please speak with your financial adviser in the first instance. Or you can contact us on 0800 068 2170 between Monday to Friday, 8.30am to 5.30pm.
