Dear Sir/Madam

COMPANIES HOUSE ELECTRONIC-FILING SERVICES NOTIFICATION OF CODES

I am pleased to inform you that you are registered as a presenter for our electronic services and you have been given the means to file mortgage documents electronically. You have been allocated unique codes which you will need to submit when filing your documents. Please keep these codes safe and do not disclose them to anyone outside of your organisation.

Your presenter ID is: 00051562000

Your lender authentication code is: 282KLWEH

You will be required to enter your lender authentication code whenever you file mortgage documents. If you intend to use the electronic systems for filing other documents for a specific company, you will need to use the company authentication code instead.

Please note that you will also be sent a presenter authentication code in a separate letter for security reasons. When filing mortgage documents, you will need to enter codes taken from both letters.

For further information on using our electronic services, please refer to our website:
www.gov.uk/government/organisations/companies-house or telephone our contact centre on 0303 1234500.

Yours sincerely

Credit Control
